#### BRYAN'S HEART IN GRAVE

"My heart is in the grave with our cause, and I must pause until it comes back to me," said William J. Bryan yesterday in giving his reason for not making any extended statement on the work of the Democratic national convention.

When asked if he would have anything to do with the third party movement, which begins its conven-

tion in Chicago July 10, or would endorse its candidate, Mr. Bryan replied:

"I do not care to discuss any other movement. It took the Democratic convention quite a while to decide on a candidate and the individual voters have about four months in which to consider the claims of the candidates. I shall use a part of that four months in considering the question."
